• Artist

Kim Heejo(b.1980) earned a bachelor's (2006) in fine arts at the School of Visual Arts and a master's degree (2018) in painting and sculpture at New York Studio School. Since 2009, she has held solo and group exhibitions in New York and Milan, and currently lives and works in Seoul since 2019. Through this system, she integrated painting, sculpture, and objects in a linear and non-linear way. In her first solo exhibition 《BYR: Prime Elements》 held in Seoul in 2019, Kim Heejo presented works with completely different content and format. She devised the schema system after creating 99 BYR: Prime Elements, a combination of 33 blues and squares, yellows and triangles, and reds and circles. Through this system, the artist integrated paintings, sculptures, and objects into linear and non-linear forms, and presented the concept of a new medium in contemporary art.

• Explanation

The series of BYR OS is a combination of the same colors or different colors selected from the units that make up 'Blue', 'Yellow', and 'Red'. This work shows how colors interact and expand with BYR Prime Elements. <Y OS 1> is a combination work of selected elements from among the 33 geometric shapes of the 'Yellow' series with the motif of an 'equilateral triangle' inscribed in a circle.
